Dear Esteemed Colleagues:

The Association of Southeast Asian Nations (ASEAN) is implementing the project entitled ***“Innovations for Smart and Sustainable Cities in ASEAN.”*** The project is being undertaken by Evercity as implementing partner.

The project aims to identify practical pathways to utilize digital technologies to promote investment cooperation in smart and sustainable cities. The project will be implemented through a research study, development of a digital finance module, exploration and conduct of pilot activities, and the convening of an international conference.

In its capacity as project implementer, the Evercity intends to engage and consult with relevant government agencies, city representatives, financial institutions, development partners, potential investors, project developers, and technical experts to obtain inputs as well as explore practical use cases pertaining to smart and sustainable city initiative, potential for implementing digital technologies to support the respective national and sustainable development programs, and green financing options. The Evercity team consists of the following:

1. Alexey Shadrin, CEO and Co-Founder
2. Elizaveta Romanova, COO and Co-Founder
3. Yana Lomova, Project Manager

Relative thereto, we respectfully seek your support and participation in the project through the consultations, interviews, workshops, data-sharing activities, and other relevant engagements to be conducted. Your valuable inputs will contribute significantly to the successful implementation of the project and in further advancing smart and sustainable city development initiatives within the ASEAN region.

Thank you and best regards.

Very truly yours,

MARLO L. IRINGAN
Undersecretary for Local Government
